RE: Clarification of Projects in Sevier County currently on hold pending a resolution of Tennessee Wastewater petitions – Dockets # 03-00329 and # 04-00045 and related interventions.

Dear Mr. Gilliam:

This letter and the enclosed attachment is offered as a clarification to the hearing held yesterday in regards to Tennessee Wastewater petitions – Dockets # 03-00329 and # 04-00045 and related interventions. During my testimony I was asked about the status of several pending projects awaiting a resolution in the above referenced matters. My response was based on hand written notes from a phone conversation and I pleaded with the court to allow me the opportunity to clarify and confirm the facts related to the pending projects. Since the court granted the pleading, I am submitting the following information.

Eight projects were recently identified as ready to move forward pending approval from the Tennessee Regulatory Authority. They are as follows: Black Bear Ridge Expansion, Legacy Laurel Branch, Legacy Mountain, Legacy The Preserve, Legacy Homes Barnes Site, Starr Crest II Phase 4, Timber Tops Rental Center, and Trailhead.

Unfortunately, one of the projects (Legacy Homes Barnes Site) was lost when the developer could no longer wait and made the decision to use individual septic tank and leach field systems for the development. The remaining seven projects and relevant information about them are listed on the sheet attached to this letter.

Thank you for your consideration in this matter.

Sincerely,

Charles Pickney, Jr.
